RE: International solidarity with Finnish workers amid major labour reforms

Dear Presidents of SAK, *Mr. Jarkko Eloranta*, and STTK, *Mr. Antti Palola*,

I am writing to you on behalf of **Persatuan Pegawai PT PLN Indonesia Power (PP-IP)** to express our strong support for all your members in Finland who are currently facing a government that is planning significant reforms of working life and remains unwilling to moderate its policy of cuts affecting workers.

Your resistance, demonstrated by the numerous protests, demonstrations and strikes is an inspiration to us all. As a union of the **Energy Sector**, affiliated with Public Services International (PSI), the global union federation of public sector unions that gathers 30 million workers across the globe, we understand the meaning of international solidarity. To a large extent, we also owe this to the workers of Finland.

Our union has been able to organise and represent **3.836 strong members in the PT PLN Indonesia Power and lead the campaign for just energy transition** through the SASK-PSI project. Thanks to this project, we have been able to organise various training program for our campaign such as capacity building and interact with national international participants which help our union to grow. Now, it's our turn to reciprocate the same international solidarity you have consistently shown towards unions in the Global South.

We stand with you in this struggle and hope to celebrate your victory (**SamSol!!**).

In solidarity,

Dwi Hantoro
General Chairmain
