RE: International solidarity with Finnish workers amid major labour reforms

Dear Presidents of SAK, *Mr. Jarkko Eloranta*, and STTK, *Mr. Antti Palola*,

I am writing to you on behalf of **Serikat Pekerja Elektronik Elektrik Federasi Serikat Pekerja Metal Indonesia (SPEE-FSPMI)** with a total membership 65.747 members, to express our strong support for all your members in Finland who are currently facing a government that is planning significant reforms of working life and remains unwilling to moderate its policy of cuts affecting workers.

Your resistance, demonstrated by the numerous protests, demonstrations and strikes is an inspiration to us all.

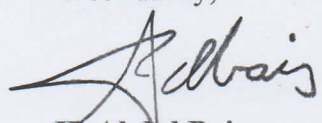

As a union of the **Outsource Workers in the Energy Sector**, we affiliated to the **Federasi Serikat Pekerja Metal Indonesia (FSPMI)** that is affiliation of IndustriAll Global Unions.

Our union has been able to organise and represent **10.800 new strong members** through the cooperation and joint activities organised by Public Services International (PSI) under SASK-PSI project on Advancing Trade Union Rights in Indonesia & Philippines. Thanks to this project, we have been able to organise various training program for our campaign such as capacity building and interact with national international participants which help our union to grow.

Now, it's our turn to reciprocate the same international solidarity you have consistently shown towards unions in the Global South.

We stand with you in this struggle and hope to celebrate your victory.

In solidarity,

H. Abdul Bais
General Chairmain
